****Sales Closing Date:** The final date to purchase insurance for that specific crop.

****Production Reporting Date:** The latest date production reports will be accepted for inclusion in the database used to calculate approved APH yields for the current crop year.

****Final Plant Date:** The date contained in the special provisions by which the crop must initially be planted in order to be insured for the full production guarantee or amount of insurance per acre.

****Acreage Reporting Date:** The deadline to report the share of all acreage of an insured crop in the county whether insurable or not insurable.

MPCI is available to all producers regardless of race, color, national origin, sex, religion, age, marital status or disability. This agency is an equal opportunity provider.

Dates are subject to change on all Federal Crop Insurance programs. This is a quick reference only. Always refer to policy provisions and county actuarials.
